The 2nd VietCALL International Convention (VietCALL 2026)

November 27, 2026 - November 28, 2026

Scientific Program

Ethics & Responsible AI Use

Responsible AI Use in Language Education: ethics guidelines, risk management, transparency, and stakeholder communication.
Bias, Fairness, and Inclusion: language varieties and accents, cultural/linguistic bias, disability access, and equitable AI-supported feedback.
Academic Integrity and Authorship: disclosure norms, citation practices, plagiarism policy updates, and governance of AI writing support.

Agency, Literacy & Assessment

AI Literacy Frameworks and Curriculum Design: learning outcomes, progression models, and curriculum integration.
AI-Aware Language Assessment: assessment redesign, validity, rubrics, and secure testing approaches.
Learner Agency and Self-Regulated Learning: metacognitive prompting, reflection, and responsible AI use.

Professional Development & Research

Teacher Professional Development: competencies, training models, and institutional capacity building.
Research Methods and Evaluation: mixed methods, learning analytics, and AI literacy measurement.
